

7.

Remarks

The amendment to specification presented in the amendment of December 8, 2004 was not intended to be a substitute specification but to place headings for the various parts of the application as now indicated in this amendment.

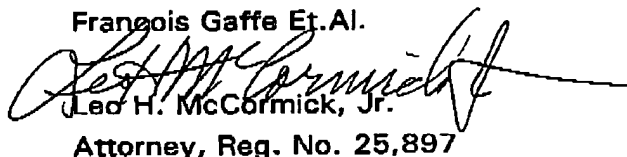

Claims 4,8,9,14, 15,16 and17 have been amended in a manner as discussed in the telephone interview of December 6, 2005 to make clear the intent of the scope of these claims.

A clean copy of the abstract having 150 words is included in this amendment.

Applicant wishes to thank the examiner for his assistance offered during the telephone interview in amending the claims to place this application in condition for allowance.

Respectively Submitted,

Francois Gaffe Et. Al.
